Dare to Do or Die

By C. P. Bollman

We're enlisted in the army,
In the army of the Lord,
And we're going forth to battle
Armed with his almighty word.

They're still fighting in the trenches
For a cause not half so dear,
Why should we then faint or falter
As we face another year?

Now our Captain bids, "Go forward."
And shall any listless be
E'en while warriors brave are dying
That republics may be free?

Though our weapons are not carnal,
They are mighty, they are true;
Jesus says to us, "Be valiant,—
Strong to dare, to die, to do."

We must fail not then nor falter,
But must dare to do or die;
Though we fall amidst the conflict,
We shall reign with Christ on high.

PREFACE.

The following pages contain a revision of the Conference directories for the year 1918. Complete revisions will be found for all the fields represented with the exception of certain unions in the European Division, which are reprinted from the former Year Book, as indicated in later pages. This was necessitated because of the impossibility of securing returns from the fields.

The number of conferences, missions, and institutions in the various divisions is indicated by the following table: —

Divisions	Union Confs. and Missions	Local Confs.	Missions	Schools	Pub. Houses	Sanitariums
North American ...	12	68	4	41	16	18
European	10	42	42	6	12	6
Asiatic	7	12	33	23	8	5
South American ...	3	4	13	3	2	1

Bahamas	..	..	1	..	..	..
Hawaii	..	..	1	..	..	..
Totals	34	132	117	74	41	33

In the following pages will be found a complete directory of 134 periodicals, issued in 39 languages. Literature in various forms is now issued in 94 languages, as indicated on page 225. A summary of denominational literature issued in all forms, at the close of 1917, shows the following: —

	No.	Pages	Value
Periodicals	134	30,038	$ 79.61
Bound Books	562	137,294	558.48
Pamphlets	364	25,639	43.49
Tracts	1,648	23,069	25.62
Totals	2,708	216,040	$704.50

The foregoing indicates that it would cost $704.50 to purchase a sample copy, in cloth binding, of every book, pamphlet, and tract, and to secure an annual subscription to each periodical issued by the denomination.

The pages devoted to a survey of the field for 1917 contain much interesting matter regarding the progress of the work in various lands. This has been prepared by those in charge of each field.

The number of missionaries to re-enforce the work in these fields sent out during 1917 was 59. This makes a total of 542 new workers sent out to service in foreign mission fields during the past five years; the preceding five years indicated a total of 506 workers sent to foreign fields.

SURVEY OF THE FIELDS FOR 1917

For the Year Ending Nov. 1, 1917.

The following pages contain a brief review of some of the work accomplished during the past year throughout the various fields outside the North American Division Conference, prepared by those in charge. This report indicates some of the blessings which have attended the efforts put forth by the workers laboring in these lands. Nothwithstanding the untoward conditions which have quite generally prevailed throughout the world, it is refreshing to note the progress that has been realized, and the confidence and courage expressed by the workers.

Before taking up other fields, a brief sketch of the work in the North American Division Conference will be in place.

NORTH AMERICAN DIVISION CONFERENCE.

The total membership Sept. 30, 1917, was 87,073; tithe received for the four quarters ending September 30, 1917, $1,942,888.84; foreign mission offerings for the same time, $885,508.80; other offerings, $451,434.68; total funds, $3,279,832.32. The number of evangelistic laborers Sept. 30, 1917, were 2,667. The number of persons baptized during the four quarters ending Sept. 30, were 8,494. The book and periodical sales for the period above indicated were $1,364,903.65.

EUROPEAN DIVISION CONFERENCE.

Owing to the war, it is impossible in this survey to give the summary for Europe further than a few general items.

Elder L. P. Tieche, president of the Latin Union Conference, reports increased tithes and offerings in southern Europe. By this means, and by the reduction of laborers owing to calls into national service, the Latin Union has been of late self-supporting. Naturally, aggressive work has been much interfered with. Some public efforts with results are reported from Switzerland. The church in Paris has now a hundred members, and good attention is being given public services in one of the best halls in the city. The church in Lisbon, Portugal, numbers eighty, and arrangements have been made for better meeting quarters.

The British Union has had a special burden thrown upon it of caring for the work in the African mission fields outside of South African territory. The believers in Great Britain have largely increased their gifts to missions. In the Harvest Ingathering campaign, which is a new enterprise with them, over $4,000 was gathered, as compared with less than $1000 the year before. Beyond local resources, however, the African work calls for about $15,000 appropriations. In May, Elder M. N. Campbell, of Canada, accepted the presidency of the British Union. Brother W. R. White, who had long been connected with the publishing interests at Watford, returned to America, later sailing for Panama to take the secretary- and treasurership of the West Indian Union. Notwithstanding the stressed conditions in these times, the publishing house has been able to turn out a large volume of publications, and the sanitariums at Watford and Caterham, have had liberal patronage.

Indirectly we hear of many conversions to the truth in central European fields. In the early part of the year the regular round of conferences were held and were largely attended. The publishing house in this territory was issuing a record volume of material which the believers were selling in the field. During January and February the secretary of the General Conference attended conferences in these parts.

The Scandinavian Union reports an excellent year. In March their annual union committee meeting was held at Skodsborg, all the committee being in attendance. In March and April the general meeting and colporteurs' institute for Sweden was held at Nyhyttan. Through July and August the president of the union attended a series of general meetings so located as to cover the area of the churches in the three kingdoms. In August he attended a conference in Finland, the first held since the war in Europe. The publishing work greatly prospered during the year. Summing up the evangelistic outlook, Elder Raft says: "Our evangelists are all busy in their public labors, and the prospects are the very best. Generally speaking, the attendance at public meetings and the interest to hear the message have never been so good as now. The people seem weary of the thought of war and its terrible results, and many are led to ask what all these things mean. Tithes and donations are ever increasing."

The turn of affairs in Russia, bringing liberty to meet freely and engage in evangelistic work, enabled the churches in that field to call a general meeting in August, in the city of Saratov. The following message of greeting was sent to the General Conference and the believers in other lands: —

"The East and West Russian Union Conferences in session in the city of Saratov, to the General Conference Committee of Seventh-day Adventists, Washington, D. C.: Greeting:

"Referring to your fatherly greeting and counsel, our combined conferences of the East and West Russian Unions in session voted that the following resolution be sent to the General Conference Committee:

"'Greetings to our fathers in the message, and brethren in the truth in America, and by them to all our brethren in the entire world:

"'The Lord has done great things for his people in Russia. He has sent deliverance to the captives, and our tongues are full of praise. Glory, glory and adoration to him alone.

"'We were made very happy and our hearts were made very tender as we received your kind letter, seeing in this, that a chain of love and truth unites us in that hope of the eternal gospel as a people. In the spirit of this faith, and in the interest of the oneness of the work and the progress of the message, we found it necessary of late, and seemingly unavoidable, to reorganize according to the general rules, so as to unite us even more fully with one another.

"'We assure you that we shall use the precious moments of time, and the freedom both civil and religious, only to the honor of God and to the blessings of our fellow men, without regard of confessions, persons, nations, or languages. Together with you and with all of our brethren in the whole world, we desire to go hand in hand until the work of God will be finished on earth in great glory. For your fatherly care, counsel, and prayers shall we ever be thankful.

"'Peace, grace, and love remain forever with you all.

"'[Signed for the conferences] O. E. Reinke,
H. J. Loebsack,
J. F. Ginter.'

"The combined union committees voted that Brother O. E. Reinke take charge of the great Siberian Union and represent in the whole the General Conference.

H. J. L.
J. F. G."

Following this meeting, Brethren O. E. Reinke and J. F. Ginter visited Siberia, holding meetings as far eastward as Vladivostok.

European Division Mission Fields.

The news from the Levant has been very meager. Elder F. F. Oster has continued at Tabriz, reporting conditions generally fairly well settled, but not sufficiently so to warrant re-establishing the work at Maragha, the former headquarters in Persia.

Elder George Keough has been the one foreign minister in the Egyptian missions.

Sierra Leone.— No change in the working staff is reported from Sierra Leone, West Africa. Early in the year Brother and Sister R. S. Greaves made a trip to the new Matamp mission in the Timne country, where Dr. and Sister E. W. Myers are in charge. Sister Greaves reported: "Dr. and Sister Myers have a substantial four room house, with walls of cement and roof of corrugated iron. As he had to superintend the building and do a large part of the work himself, it is well that he knew how. In the mission compound there is a native house for the teacher, a dispensary, and a mud-walled thatched house for meetings and school. People come from thirty miles distant to receive help at the dispensary. In spite of Mohammedan opposition and heathen persecution some souls are found faithful. While we were there two were baptized as the first fruits of this mission. About twelve were keeping the Sabbath."

Nigeria.—During the last year Brother and Sister Ernest Ashton, of England, have been fellow workers with Elder D. C. and Mrs. Babcock and the West African helpers. In the early summer Elder Babcock reported twenty-five or thirty in the baptismal classes at Ipoti, which brings the membership at that station up to 160. The mission at Shee, near Ilorin, has had over a hundred in attendance on the Sabbath. In March Elder Babcock made a trip northward 550 miles to Kano, the end of the Nigerian railway. The daily attendance at the Kano market is about 20,000 people. Great caravans of camels from the desert districts come in daily. The country around reminded Elder Babcock of the plains of Nebraska and Kansas in the early days. The situation appealed strongly for missionary operations. "What can we accomplish," wrote our brother, "with a few inexperienced men and seventeen million people to warn?" Late in the year Brother Babcock fell ill with a tropical difficulty, and was compelled to leave the field with his family. As they neared England their ship was torpedoed, and only after much suffering from exposure in the lifeboats were the passengers rescued. The British Union Committee call for a man to go down as soon as possible in 1918 to take Elder Babcock's place, while he seeks recovery in England.

British East Africa.—On account of break in communications few reports have come from this field. Elder A. A. Carscallen, superintendent, wrote in August of the baptism of thirty-four converts at the Kamagambo station. These were results of work in various stations. He reported a hundred names in the baptismal classes. The school at the Gendia station, where Brethren B. L. Morse and L. Lane are located, is prospering, with many good out schools. Wire Hill mission was left with only a native worker in charge. Brother and Sister Alfred Matter

have been kept especially busy with medical work at Kaniadodo. Brother E. B. Phillips reports more interest than ever before in his school at Karangu, where some have been baptized. Brother A. Watson is at Rusinga, and reports a good school.

Victoria Nyanza.—Few reports have come through from this region. Brother V. E. Toppenberg and wife, being of Danish citizenship, were able to hold to the stations on the Lake Victoria Nyanza until the war in German East Africa had entirely passed beyond the range of our missionary operations. In the region of the Victoria Nyanza they report eleven or twelve stations, with over 2,000 students, amidst which they were the only foreign workers. Much against their wills they were compelled to leave early in 1917, both Brother and Sister Toppenberg having been ordered a furlough in 1914 on account of their health. They therefore came on to South Africa, thence to the United States. Late in the year the South African Union Conference had selected two workers, Brother P. Smailes, of the Transvaal, and Brother Ira Evenson, of the Cape province, to go up into the Victoria Nyanza region, to endeavor to conserve the school and mission enterprises there.

Belgian Kongo.—Brother D. E. Delhove, formerly connected with the East African missions, being a Belgian, was called to service in the Congo State, and while engaged with the government took up the study of one of the Congo dialects, and hopes to begin work in the Congo when times are settled.

ASIATIC DIVISION CONFERENCE.

C. C. Crisler, Secretary.

During the past year encouraging progress has been manifest in every one of the seven Union Conference organizations within the territory of the Asiatic Division. The world war has affected the work very seriously in some of our fields; nevertheless, there has been a decided advance in each, and the officers of the Division thank God and take courage. During the year many important general meetings were held, and the visits of Pastors Daniells, Knox, Town, and Griggs to these meetings and to numerous centers where a foothold has been gained, brought cheer and strength to the laboring forces in every field.

The first session of the Division Conference, held in Shanghai, April 5-25, 1917, gave opportunity for perfecting the organization of the Division, and of some of the Unions, and the laying of broad plans for the proclamation of gospel truth to the waiting millions into more than half the population of the globe; for our Division has a total population of 914,334,339.

Australasia.

The most encouraging feature of the year's development in the Australasian Union Conference, is the healthy growth that has been realized in membership. With this has come even more than a proportionate gain in tithes and offerings, the amount per capita being $35.16. This added strength in members and in financial resources makes possible the continuance of the ever-broadening mission work in the Islands of the South Seas. The budget for this portion of the Division is met wholly by the brethren and sisters of the Australasian Union, at an annual outlay of several thousands of pounds. Many precious souls are being won from heathenism by our faithful workers stationed in the isles of the sea. Let us pray that God may continue to add his signal blessing to those who are stationed at the lonely outposts.

India and Burma.

In a marked manner God is preparing the way for a wonderful yet quick work throughout the India Union Mission field. The past has been a time of faithful preparation and of seed-sowing. Today a goodly number of our foreign force in India and Burma are well along the way to a working knowledge of one of the vernaculars so difficult to acquire, yet so essential to the highest success. Progress is being made by way of self-support of all native work hereafter, but it is not yet known positively when this shall be fully attained. Many are working toward this end. As in India, so in Burma, perhaps the most crying need is a constituency sufficiently strong to share very largely the burden of the native work. And yet with the almost countless multitudes in teeming India, those in the homelands who have given the native work liberal support thus far will surely wish to continue to share the burden of evangelizing that heathen land. Two couples, H. L. Peden and wife, and E. M. Meleen and wife, sailed from America to start language study preparatory to entering upon vernacular work. The first fruits from among the Malayalam people of South India have been received. Some have been baptized, while others are waiting. A church has been organized in the city of Madras. A new station has been opened at Hapur, North India. Macedonian calls for workers are coming in from Gujerati in West India and the Telegu country in the South.

Malaysia.

Pastor Detamore and his associates in the Malaysian Union have been hoping for much from their Singapore Training School. Their field is so scattered, and yet so densely populated, that many workers are required. Some now in the training school may be privileged soon to see pioneer service in Siam and Celebes. Much must be made of the book and periodical work, as by means of the printed page as well as through consecrated evangelists, the Malayan peoples can be quickly warned, and the way prepared for the coming of Jesus. Financial provision has been made for establishing a publishing house at Singapore. The outlook for Malaysia in the circulation of literature is very encouraging. A field secretary to lead out in this line of work has reached the field.

Philippines.

The untiring efforts of those who have been laying foundations for a strong, aggressive, evangelistic advance in the Philippine Union, are now being rewarded in manifold ways. A number of language areas are being systematically worked by trained corps of native evangelists, Bible workers, and colporteurs. Special blessing is resting upon those conducting tentmeetings and selling our books. A leader for the book work reached the field the last of 1917 and entered upon his work. The Philippine Training School is now in a position to offer many advantages to those who are desirous of entering some line of service.

China.

In the reorganization of the Asiatic Division field, the greater portion of China, excluding Manchuria, was divided into two Unions — the South China Union, with headquarters at Hongkong; and the North China Union, with headquarters at Hankow. Many favoring providences have combined to make the outlook for the China field exceptionally bright. No great gains can be reported in membership for the past year, yet there has been some gain, and the morale of the native laboring forces has been decidedly strengthened. The local and general meetings were made occasions of genuine spiritual refreshing and of learning the better

how to labor together with God for the salvation of the heathen. Broad, constructive plans have been devised looking toward partial self-support.

In China all signs point toward the early extension of the third angel's message into unentered portions of the Chinese republic through the development of interests that have sprung up in the province of Chekiang, Kiangsi, Shensi, Yunnan, and Kansu. Ours is a time of seed-sowing combined with reaping. The Master of the vineyard is preparing the way marvelously for the rapid proclamation of the closing gospel message to every nation, kindred, tongue, and people, and in perhaps no other land of our Division has this been so markedly manifest during the past year, as in China. And well may this be; for in the China territory, including both Unions, there are 390,991,651 people, or nearly a fourth of the population of the entire globe.

East Asia.

Japan, Korea, and Manchuria now form the East Asian Union Conference, with Pastor J. M. Johanson in charge. Since the election of Pastor F. H. DeVinney as one of the Vice-Presidents of the Division, Pastor B. P. Hoffman has had charge in Japan. The year has been one of encouraging progress, especially along the lines of strengthening the churches already established, and of placing the literature work on a more nearly self-supporting basis. These statements regarding Japan are equally true of the Chosen (Korea) Conference, where Pastor C. L. Butterfield is in charge. Korea is the second portion of the Division territory, outside Australasia, to be organized into a local conference known as the Chosen Conference. Later Japan followed, and is now conducting its work as an organized conference. In Manchuria, where the Mission has not been established many years, the Mukden compound has been completed, and a most desirable chapel property has been received in the old Tartar City. During the year the East Asian Union work has been developing most encouragingly.

THE AUSTRALASIAN UNION CONFERENCE.

C. H. Watson, President.

The development of the work in the Australasian Union during 1917 has been interesting and encouraging. Both in the home fields and the island mission fields steadily progress has been made. The latest statistics show that there were 498 baptisms reported during the twelve months ending at June 30, 1917, while the increase in tithe for the same period was $11,595.47. The tithe per capita shows an increase of four shillings and four and one half pence as compared with the previous fiscal year. It now stands at $21.92, including mission fields. This, in spite of the trying times and financial stress, is certainly striking.

The change in the organization of our mission fields effected at our 1916 council has now got fairly into operation and is proving a great blessing. The placing of direct responsibility upon the workers in the fields has resulted in more earnest effort and intelligent interest being manifested by those on the spot, consequently greater effectiveness accompanies their labors.

At our 1917 council held in September, Pastor C. H. Parker presented a cheering report of the newly organized Central Polynesian Conference. In each of the three groups it comprises, the workers had seen results from their efforts and were of good courage. In Niue or Savage Island, which is also included in this conference, the work is taking deep root and the first church is about to be organized.

The work among the Indians in Fiji is beginning to bear fruit, and the prospect is so bright that an urgent call was presented for a man to connect with this effort. Brother Dudley Meyers has been appointed to meet this call. Having been born in India he already has the language.

The needs of the work in the Eastern Polynesian Mission made it impossible for Pastor F. E. Lyndon to attend the council. He reports satisfactory progress in each part of his field. Our enterprising brethren on Pitcairn have succeeded in building a small schooner and making the long journey to Tahiti. This has broken the isolation of the past two years. Aggressive efforts are planned for the coming year and the Paumotas Island ere this should be hearing the third angel's message from Brother R. M. Adams (late of Pitcairn) if plans have carried. Preparations are now being made for the opening of a training school for this mission. It is to be established at Rarotonga, in the Cook group, under charge of Pastor G. L. Sterling. A small printing plant is being established in connection with this enterprise and both the Rarotongan paper **Tuatua Mou** and the Tahitian paper **Tiarama** will be prepared, printed and published there from the beginning of 1918.

Similar steps are being taken in the Central Polynesian Conference. At our training school at Buresala, a plant will be established and the Fijian, Samoan, and Tongan papers will be published from this center hereafter. For several years all these papers have been printed and published at the Avondale Press, young people from the various groups being brought there to assist in their production. With the transfer of the papers to the local fields, these young people, having completed their training, will return to their island homes to assist in the printing of the papers and in other ways. We believe that these changes will mark the opening of a new era in our island work.

In July our little mission boat "Melanesia" sailed on her maiden voyage to her field. Great interest is taken in her work, and our young people's societies have made remarkably successful efforts in raising funds for her construction and support. Now that shipping is so scarce and the running of trading vessels is becoming so infrequent, the means of transit provided by the "Melanesia" will be particularly helpful.

Our work in the Solomon Islands has made rapid growth and development which can only be described as marvelous. A company of natives — the first fruits — is now being prepared for baptism, and it is expected that this ordinance will shortly be administered.

From many localities calls come to our missions, for teachers. We now have native converts in training to labor for their own people, and it is hoped that ere long some of these calls may thus be met. In several instances local tribes have cleared the ground and erected native buildings in anticipation of the help arriving.

A similar situation exists in the New Hebrides, which group is also included in our Melanesian Mission. On the large island of Malekula, where about two years ago Pastor C. H. Parker entered territory on which the white man had never before set his foot, we have a wonderful interest among the cannibal tribes of the highlands on the west coast. Certainly the Spirit of God has wrought marvelously here. The last mail received brought us tidings that Brother and Sister Norman Wiles had just spent a week among these people. Cannibal bands had united in building a home for the missionary and in this the week was spent. Every kindness that heathen men knew how to render was shown to our brave missionaries, and earnest were the pleas that they might remain with their dark skinned friends. Before this year closes we hope to send out a young couple to this group in order that Brother and Sister

Wiles may be relieved from their present post to meet this wonderful opening.

In New Guinea our workers toil on in faith, still waiting for the fruit which is so long in appearing. They are of good courage.

Educational.

A call from the Asiatic Division Conference led to our releasing Pastor J. M. Johanson from the Australasian Missionary College (Avondale) in order that he might take the presidency of the East Asian Union Conference. Pastor L. D. A. Lemke has been called to preside over our college. The importance of this branch of our work is becoming more generally appreciated, and we have a fine class of young people availing themselves of the opportunities it offers. There is a most encouraging awakening, too, on the part of parents to the importance of our church school work. Calls for the establishment of schools are coming more rapidly than we can supply the teachers. A number of schools have been opened during the year. The Darling Range School and Oroua Missionary School are both doing good work. The management of these remains unchanged.

Medical Work.

The Sydney Sanitarium has found in 1917 the best year of its experience. A splendid patronage, a good spiritual atmosphere and faithful efforts of consecrated physicians and staff have won unprecedented success both spiritually and financially. Many minor improvements have been made. These have added to its efficiency and attractiveness. An influence goes out, from this institution, which reaches from one end of the Commonwealth to the other. Men of high official and political positions have been among its patrons. Our three smaller sanitariums have also enjoyed satisfactory patronage.

Health Food Work.

Our health food and café work has similarly met with remarkable success. The large café in the heart of Sydney passed from the experimental stage in a few weeks from the date of its opening. The accommodation is daily taxed to the utmost by an appreciative patronage. The health food sales continue to increase, and a further enlargement of our factory is to be made immediately.

In Melbourne, the second largest city in Australasia, new and more central and commodious premises have been secured in order to meet the increasing business. In each of the other centers where our cafés are operating similar success is attending the efforts of our workers.

Publishing Work.

Our book men have had a busy and successful year. Unprecedented difficulties have had to be met in shortage of freight, high prices and scarcity of materials. These, however, have but proved to be opportunities for God to manifest his providential care over this department of his work. Our agents have toiled bravely and successfully, placing 24,531 copies of our large subscription books with the people. More than two thirds of these were religious books, the remainder being medical works.

Magazine sales have been good, and there has been a record sale of our smaller books and tracts. The circulation of the Signs of the Times remains at about 14,000 copies.

Sabbath Schools.

The work of our Sabbath school department has met with success in each of the three main efforts put forth: 1. The membership has grown encouragingly; 2. The offerings have increased; 3. The lessons are being studied more earnestly.

Our present membership is 8,217, being 563 more than that at June 30, 1916. The offerings were $2,404.36 in excess of those of the previous year, and totaled $21,804.84, all of which was donated to the Asiatic Division Conference. Evidence of the interest manifested by our Sabbath school members is found in the fact that 23 per cent were perfect in attendance.

Missionary Volunteer Department.

Encouraging progress has been made in this important department of our work. The enrollment is now 3,384. The movement has extended to our mission fields, and we now have societies established in Fiji, Cook group, Society Islands, Tongan group, Norfolk Islands, and at the two centers of our work for the Australian aborigines — Monamona and Burnt Bridge.

The amount raised by our young people for foreign missions this year reached the large total of $9,562.98.

A splendid interest continues in the doctrinal studies and reading courses, while 296 members are enrolled for the standard of attainment courses.

Home Missions Department.

A strong effort is being made to arouse the rank and file of our members to active service. In the states where this department is already strongly organized very encouraging results are evident. Prospects of similar success in other local conferences are good, and we believe that ere long a united effort to "finish the work" will extend from one end of our Union to the other.

Truly God is blessing and prospering his people and his work, and we have every reason to be of good cheer.

INDIA UNION MISSION.

W. W. Fletcher, President.

The population of the India Union Mission is given by the statisticians as three hundred and twenty millions. The territory of this Union Mission comprises India, Burma, and Ceylon. The Union is divided into five local divisions, bearing the following names: North India, Bengal, Bombay Presidency, South India, and Burma. Ceylon is included in the territory of the South India Division.

North India.

At the biennial session of the Union Mission held at Calcutta in January, 1917, the Northwest India Mission was united with the North India Mission. In this large division of the field there are about 112,000,000 people. Urdu and Hindî are the leading languages spoken. There has been a large increase in the amount of literature circulated in these two tongues. A new station has been opened at Hapur, United Provinces, where Pastor M. M. Mattison is laboring. Land was secured

and buildings erected for a girls' school and zenana home. Another mission is opened at Chichoki Mallian in the Punjab, and a bungalow is being erected for Brother F. H. Loasby, who is to pioneer with the gospel in that district. Station work is being operated at Simla and Chuharkana in the Punjab, and at Lucknow, Rai Bareli, Najibabad, and Mussoorie in the United Provinces, thus making eight stations in all in the North India Mission.

Bengal.

Good progress is being made in Bengal. A school for Bengali boys has been opened at Calcutta, with Pastor L. J. Burgess and wife in charge. Both this school and the Bengali Girls' School, which is conducted by Sister Della Burroway, are having a good attendance of promising students, and are doing much to strengthen the cause in this needy field. The benefit of the school work is already being seen.

The work in East Bengal is making steady progress. During the year Brother L. G. Mookerjee was ordained to the gospel ministry, the first of our Bengali brethren to be set aside in this way. Brother and Sister C. C. Kellar are now in charge of the Santali station at Karmatar. Brother W. H. Stevens is engaged in the study of the Bengali language, preparatory to leading out in the sale of vernacular literature in this mission.

Bombay Presidency.

A new district is being opened in this field by Brother R. E. Loasby, who has passed the second year's examination in the Marathi language, and is seeking a location in the vicinity of Manmad. Brother R. A. Thrift has been appointed to the Bombay field to take charge of the vernacular literature work, preparatory to which he will study the Marathi language. Through the efforts of the superintendent of the mission, Pastor G. W. Pettit, there has been a large increase in the sale of Marathi and Gujerati literature. Pastor W. R. French returned home on furlough at the close of the year, and the English city effort is now being conducted by Pastor Pettit. Pastor M. D. Wood and wife are pressing on with the work at the Kalyan station, where a number of improvements have been made during the year.

Burma.

Brother R. A. Beckner is beginning new work in the Bassein country, with very encouraging results. A number of Burmans have already accepted the truth, and the outlook for the establishment of a strong church in this section is very promising. Brother W. Carratt is located at Monywa, where he plans to begin evangelistic work. The workers of the Burma mission are putting forth persevering efforts to acquire the languages of the field, and good progress is being made in this direction. Brother H. A. Skinner has been appointed to take charge of the native literature work, and is studying Burmese with that in view. The training school at Meiktila continues to act a useful and important part in the development of the work in this promising field. There have been a good many conversions to the truth at the school this year. The force of Burmese workers in all branches is increasing in number and in efficiency.

South India.

The work of this mission has sustained a loss in the transfer of Pastor J. S. James to another field, he having been called to Shanghai to act as vice-president of the Asiatic Division Conference. Although this mission has a very slender force of foreign workers steady progress is being made. Several stations are under the care of Indian workers, who are laboring with great zeal and faithfulness. The work in Travancore

among the Malayalam people is becoming established. Thirty-three persons have been baptized in that field during the year. Brother E. D. Thomas, a Tamilian, has been ordained to the gospel ministry, being the first of our native brethren in this mission to be set aside to that work. The work at Madras continues to prosper. Pastor P. C. Poley is still in charge of that effort. Brother and Sister W. G. Woodward have been appointed to labor in Travancore, and have commenced the study of the Malayalam language.

General.

The income of the India Union Mission is gradually increasing, so that the mission is now able to undertake to conduct a great deal of the native work from funds received within the field. It is noticeable that in all sections of the field consecrated native workers are being developed on whom more and more responsibility can be laid. During the year our force of Adventist teachers has been greatly strengthened, partly by the conversion of some who were not of our faith, and more largely by a number of our own young people having completed a training for this work. In the printing press at Lucknow the following languages have been added to the list of those in which we are producing literature from our own factory: Punjabi, Gujerati, and Burmese.

JAPAN CONFERENCE.

B. P. Hoffman, President.

An institute for our canvassers and workers, and a general meeting attended by about a hundred and forty believers was held October 25 to November 10, 1917. At this meeting Professor W. W. Prescott, who attended the first general meeting in Japan, was present and assisted in the organization of the Japan Conference of Seventh-day Adventists. Other visiting brethren present were: J. S. James, J. M. Johanson. R. F. Cottrell, C. L. Butterfield, and S. L. Frost.

The organization of this field into a conference is a step forward, and will be a stimulus to the Japanese church to put forth greater effort both in giving of their means to try to make the work self-supporting, and also in taking an active part as individual members in giving the gospel of salvation to their fellow-countrymen. And as they help bear the burdens and responsibilities of the conference, we shall soon be able to press on into unentered parts of the empire, and plan for greater development of the work which is still small.

The officers of the conference were chosen as follows: President, B. P. Hoffman; secretary-treasurer, A. B. Cole. The following distribution of the foreign workers in the field was made: Pastor H. F. Benson, in Wakamatsu, where we have a small church; Pastor W. D. Burden, in Tokyo; Brother J. N. Herboltzheimer, in Yokohama, where he will continue the medical work and also attend to transportation interests; Brother A. N. Anderson at Nagoya, where we have one of our most promising new churches; Brother P. A. Webber to continue at Fukuoka, where he has been working together with a Japanese evangelist for over two years; and Brother S. G. Jacques in the island of Hokkaido, where he will continue further language study and help in the opening of the work in that island. Brother H. Stacey, our field missionary secretary from Australia, is located at the conference headquarters.

We have two ordained Japanese ministers, Pastor T. H. Okohira and Pastor H. Kuniya. Elder Okohira will labor in the field and with the

churches. He has been asked to carry the duties pertaining to the home missionary, missionary volunteer, and Sabbath school departments of the conference. Elder Kuniya is engaged in evangelistic work in the city of Tokyo. Other Japanese workers are located at Kobe, Hiroshima, Moji, Nagasaki, Kagoshima, Kanazawa, Kuji, Yuzawa, Hirosaki, besides at the places where foreign workers are also working.

There are twelve licensed canvassers in the field and a number more who are devoting all their time to the work of selling our literature. During the past year over fifty members were added to our churches by baptism. There are calls for workers in several large cities that we have not yet been able to enter because of insufficient number of workers. We are endeavoring to still strengthen our literature work, so as to make it an efficient means for entering new portions of the field, and also through it make our school work self-supporting, and at the same time make our school more productive of developing native workers to go out and preach the gospel in the many unwarned cities, towns, and villages, into all of which the foreigner cannot expect to carry the truth.

CHOSEN CONFERENCE.

C. L. Butterfield, President.

Seventeen foreign workers, including wives, with thirteen children, are located at the three stations,— Seoul, Soonan and Keizan. At Seoul there are three foreign dwellings, publishing house with office and chapel. At Soonan there are two foreign dwellings, and a school building, dormitories and dispensary. At Keizan there are two foreign dwellings.

The training school at Soonan, 175 miles north of Seoul, is doing good work in training workers. Academic work is given, and fifty-five students have finished the course, and more than thirty of them are now engaged in some branch of the work.

During the first eleven months of 1917, the literature sales amounted to $2,233.74 U. S. gold. However, as we have no one to give their time to this work, it has not advanced as rapidly as it might otherwise have done. (J. C. Klose and wife, of Northern Illinois, are under appointment for Korea to fill this urgent need, expecting to get off early in 1918.) Many have been brought into the truth by the printed page, and with proper field help we trust that the publishing work will soon be self-supporting.

PHILIPPINE UNION CONFERENCE.

L. V. Finster, President.

The year 1917 has been another year of progress. Every department of our work is becoming better organized. There will be between 250 and 300 baptized during the year.

At our meeting in December, while Elders A. G. Daniells and J. E. Fulton were with us, a conference was formed of the Central and Southern parts of Luzon. Officers were elected, and the Central-Southern Luzon Conference started out with seven churches and a membership of 752. In this conference but little new work has been undertaken during the year. Our tents were pitched near some of our small

churches to strengthen them. At Malabon our little church there had 79 added to its membership.

The printing press, under the management of Brother C. N. Woodward, has been greatly blessed. They have turned out nearly double the work of the year before. We expect our literature sales will reach $25,000 for the year.

The Academy had a very favorable opening last June, with about fifty students.

General meetings were held for the first time in the Panayan, Cebuan, and Ilocano mission fields. Good meetings were had at each place. In the Panayan Mission we now have two churches with a membership of 81. In the Cebuan field we have one church with 33 members. In the Ilocano field we have two churches with a membership of 61.

In November we were glad to welcome Brother and Sister Strahle, who came to take charge of our literature work. Brother R. A. Stewart will now be released to take charge of the literature work in the southern group of islands.

All our workers are of good courage, and working to the limit of their strength to hasten the message in this part of the vineyard. Doors are wide open for advance moves on every hand.

SOUTH AMERICAN DIVISION CONFERENCE.

O. Montgomery, President.

The South American Division Conference was organized in February, 1916, and is composed of the Brazil and Austral Union Conferences and the Inca Union Mission. Its territory embraces all of the South American continent except Colombia, Venezuela, and the Guianas. It also includes the Falkland Islands. It has a population of 37,000,000.

The organization of this Division Conference has been a strong advance step for the work in this field, and the year has shown good results. Definite steps have been taken to strengthen the hands of the workers, among whom there is a spirit of courage and progress. All are striving toward greater achievements and higher standards in life and labor.

The general meetings held throughout the field have been of a character to inspire and strengthen our people and give a new impetus to the work.

While all departments of the work have been strengthened, special emphasis has been laid upon the Home Missionary work and the goal of winning one soul to Christ each year has been set before the churches of this Division.

The reports for the first six months of 1917 for the Division show a membership of 5,759. During this period, 440 souls have been baptized into the faith, which, for the year, would mean one soul baptized for each 6.1 members. Notwithstanding a very severe and prolonged drought, which affected the Austral Union and parts of Brazil, the tithe for 1916 showed a little increase over 1915, and the first six months of the present year it still holds up,—the figures being $22,212.92. We are now in the midst of a good harvest, the tithe returns of which, however, will not be seen until the first half of 1918.

The offerings for foreign missions for the year 1916 were $10,623.38. For the first half of this year the figures are $6,841.54, which, considering the conditions already mentioned, is very encouraging.

AUSTRAL UNION.

J. W. Westphal, President.

In the several lines the work in the Austral Union has made progress. Owing to the financial crisis and the severe drouth throughout our entire field, the tithe and donations have not been all that we had hoped, and the school and sanitarium have had a less patronage than the year before. Nevertheless, the sanitarium has been able to meet all expenses and make some improvements without adding to its small indebtedness. The new wing is nearly completed and occupied. With the regular provision to meet a part of the teachers' salaries from the outside, the school will not run behind. The publishing house has done a good business. The total sales of literature in the field during the year ending June 30, is $33,697.29, divided as follows: Argentine, $13,279.76; Chile, $12,443.76; Alto Parana, $3,527.46; Uruguay, $3,133.12; and in the Magellan Mission $1,313.19. Of a Temperance number of our Missionary paper, **El Atalaya,** we printed an edition of 54,000, 19,000 more than of any previous edition.

In Argentine a church of eighteen members was organized at Bahia Blanca. Through evangelistic efforts the work has been very materially strengthened at Buenos Aires, Rosario, La Plata, and a good sized company developed in Parana, nineteen having been baptized. The total baptisms have been ninety-three, and a goodly number are now awaiting baptism. The membership is more than 1,150. Many of the brethren have taken hold nobly of the Home Missionary work.

We do not yet have exact reports from Chile, but a good work has been done. At Valparaiso a good work has been done and the work greatly strengthened. Quite a number have been baptized. Work has been done at Canquenes and otner places with good results. On account of ill health and other reasons the active field effort has been rather light.

In the Alto Parana Mission the field help has also been little. The wife of the Superintendent was taken down with tuberculosis and died recently, which necessitated that he remain at home or near by. Changes in laborers also deprived the field of help. Work has been done at Asunción, the Capital of Paraguay. Two have been baptized, one of them a former active Spanish anarchist. Others are keeping the Sabbath. At the annual meeting, five were baptized. At Corrientes and vicinity about a dozen are waiting a visit from the Superintendent to be baptized.

The Uruguay field has made progress and is taking on a more definite form. Eighteen have been baptized. The work has been established at Colonia and strengthened at Nueva Helvecia and Montevideo. Four are waiting baptism at Montevideo, two at Nueva Palmira, and several at Colonia Miguelete, where a public effort is now being made with prospects of good results. A Bible colporteur has begun keeping the Sabbath, also several Russians at Porvenir.

No evangelistic effort has been made in the Magellan Mission. Brother A. G. Nelson, the only worker, has done much canvassing and working in a private way, treating the sick and holding Bible readings. As a result several are keeping the Sabbath. Considerable of the canvassing work has been done with horse and cart among the widely scattered sheep ranchers over the extended plains of Southern Argentine and Chile. The following from Brother Nelson will illustrate what may and needs to be done in this way: —

"We received a letter a few days ago which emphasizes the importance of our work in the camp. It was from a couple with whom I had a few studies. I was sending them the **Watchman** and **the Review**

series. Had also sold them a copy of 'Daniel and the Revelation.' I will quote a few lines from the letter: 'We received your papers all right. Were very much pleased with them and I must tell you that through reading your books and papers and especially the Holy Bible, we are both enjoying a good Christian life. We would like some more and would willingly send you or give you when you come $25 (over $6 U. S.) or so if you would send us books or papers to read. We are keeping the true Sabbath of our Lord and Saviour Jesus Christ and above all trying to follow in his foot-steps.'"

BRAZIL UNION CONFERENCE.

F. W. Spies, President.

Another year of struggles and victories is in the past, and whereas continued war conditions have increased difficulties of a temporal nature, the "everlasting gospel" has gone right ahead, making new conquests, thus clearly proving that it is God's remedy for the ills and troubles of these last days.

Publishing Work.

Our literature work again shows an encouraging growth for the past year. The average number of colporteurs increased from 35 in 1916 to 42 in 1917, the amount of literature sold reaching $30,530.15. Considering the many adverse circumstances with which this branch of our work battled during the past year, so that we hardly dared expect to do more than to hold the record gained the year before, we feel encouraged at this growth, and thankful to our heavenly Father for what he has done.

Educational Work.

Our training school for gospel workers is having an especially good year. Fifty-six students are enrolled as against thirty-six last year, and the interest manifested by them is certainly encouraging. When the term closes in December, we expect that a number will enter different branches of gospel work. We are thankful that the urgent calls for workers that are coming from all parts of our vast field can gradually be filled by the Brazilian youth who are thus being prepared for the Master's work.

Union Membership and Finances.

Our present Union Conference membership is 2,699, a gain of 399 members for the past year. The tithes paid amounted to $19,998.90, whereas the various offerings for missions reached the sum of $4,760.25. The present unfavorable rate of exchange causes the real gain to appear smaller than it really is.

Rio Grande do Sul Conference.

Concerning the progress of the work in this conference, Elder Henry Meyer, the president, writes: "On account of the removal of some of our workers, we had rather a small working force during this year. But we are glad that at the close of the year an ordained minister, as also a licentiate who has been attending school, will add re-enforcements to our working staff. In view of the limited number of workers, we are glad to be able to report that over one hundred members have been added to the different churches in our conference during the year. Tithes and offerings have increased considerably, and new interests have sprung up in different places, keeping the workers busy to their utmost capacity.

Eleven of our young people are at the school at Santo Amaro, preparing themselves for some line of work, a number of whom were successful colporteurs before entering school. Even though we tried to fill up the gap by new recruits, we feel their absence from the colporteur work. Still, all things considered, our literature sales have been remarkably good for the past year. Our present membership is 870."

Santa Catharina Conference.

The President of this field, Elder A. Rockel, reports that during the past year they have been able to add 38 members, and to organize two new churches and one new Sabbath school. An encouraging increase in tithes and offerings has been made. Elder Rockel writes: "Onr health-reform principles were especialyy brought into prominence through the fact that several of our own people, as also others not of our faith, were healed from serious maladies by a careful attention to these principles. The director of one of our southern colonies very warmly expressed his appreciation of the work we are doing in enlightening the people on right methods of living. If we take into account all the adverse conditions met during the past year, especially bad weather and bad roads, we are grateful for the success the Lord has given us. Our membership is at present 401."

Parana Mission.

The work in this mission has had a good year. Thirty-seven members were added, bringing the membership to 223. Several series of gospel meetings were held in different parts of the mission, which resulted in materially strengthening the older members and also in adding new ones.

Sao Paulo Mission.

The working force of this mission has still been insufficient during the past year. Elder John Lipke, the superintendent, was again the director of the Seminary, and Miss L. Wurt's health did not permit her as yet to resume her work in the field. Good progress has been made in the São Paulo, where Elder J. E. Brown has had charge of the work. But owing to lack of workers, but little has been done in other places. The present membership is 374.

Minas Mission.

The Minas Mission has made but little progress owing to lack of workers. Recently Elder C. E. Rentfro came into this field from Portugal. He is looking after several new interests reported as found by our colporteurs. The present membership of Minas is 71. Some thirty are expecting to be baptized in the near future.

Rio Espirito-Santo Mission.

Several tent efforts were held in Rio de Janeiro during the past year. This was really the main effort put forth in this field. In spite of many hindrances and hard times, the membership, also tithes and offerings, have steadily grown in the nation's capital. Forty-six were added during the year, bringing the membership up to 381. The book work has been very successful in this, as also in the São Paulo and Minas Mission.

North Brazil.

Concerning the northern part of Brazil, we can only repeat, that little is being done there. We are still in hopes that in the near future it may be possible to make a definite and vigorous beginning in the vast northern part of this great Republic. Meanwhile Elder R. J. Wilfart is, with a Bible worker and several colporteurs, doing what he can in Pernambuco. The membership is at present 227.

THE INCA UNION MISSION.

E. L. Maxwell, Superintendent.

This has been the banner year in the history of the Union so far as baptisms are concerned. The reports in hand to date indicate that 238 persons have received this ordinance during the first nine months of the year. The net tithe for the year will amount to about $1,750 for the entire field, a good part of this coming from Perú. That of the other missions will be small, as the brethren in the Lake Titicaca Mission are very poor and live on very little. Ecuador and Bolivia are very small as yet. The membership now numbers 1,000. The new recruits who have reached the field during the past few months have greatly strengthened the work in the different missions. There is a spirit of confidence and consecration throughout the field.

Owing to the lack of a field agent the literature work has fallen off this year. Brother E. H. Wilcox is now in the field, and we hope to effect the permanent re-organization of this branch by the first of the year.

We need very much a central school for the education of the many children of our brethren, and also for the training of evangelists who may penetrate into distant sections of the country with the message. We have called for this for two years, and hope to see it soon.

Perú Mission.

The work in this mission has made splendid progress during the first nine months of this year. There have been seventy-one baptisms, and according to present indications, the tithe will pass well over the $1,000 mark. There is an awakening clearly seen in Perú that indicates a strong advance in our work in the future. Much seed has been sown in this field from which the harvest is now being reaped.

Ecuador Mission.

Brother John Lorenz is pushing ahead in Ecuador, and we hope to see good results from his work there. Encouraging reports reach us of the work in that field. Brother Kalbermatter and wife of Argentine, who are both nurses, will soon connect with the work in this field.

Bolivia Mission.

In Bolivia Elder W. R. Pohle is holding the fort anxiously awaiting the arrival of the long-promised reinforcements. The work is gradually becoming established in this very difficult field. There is a good opening for work among the Indians of Bolivia such as is being done around Lake Titicaca. We are now promised help from Argentine which will arrive in the near future, and that will enable us to start this work.

Lake Titicaca Mission.

During the early part of the year the great Moho district lying North and East of the Lake has been permanently entered and two new mission stations established. The principal station, "Oka Pampa" is located a few leagues inland from the port of Moho, with Brother Ellis Howard in charge. The other station is not far from the port, and is called "The Broken Stone Mission." Brother Luciano Chambi, one of our Indian workers, is in charge of this station. These two stations will enable our workers to come in touch with many thousands of Indians.

The station at Huata on the Peninsula, where Elder C. V. Achenbach is located, has been completed. We now have five mission stations and five organized churches with a membership of 682. There are

several hundred Indians who are keeping the Sabbath and living the truth the best they know how, who have not yet been baptized.

At each of the mission stations a good school is conducted in charge of the director of the mission with a native assistant. There are fourteen out-schools located near the different stations, making a total of nineteen schools with an enrollment at the beginning of the school year in March of twenty-two hundred children and youth. This school work is attracting the attention of the national educational men and other social workers, who look upon it very favorably.

SOUTH AFRICAN UNION CONFERENCE.

W. B. White, President.

The work has made steady progress in this field during the past year, and we have much to encourage us. The long, severe drought, which has prevailed in this land for two or three years, seems to be broken at last, and the country has received a normal supply of rainfall, in consequence of which crops have been very good the past season.

In our local conferences the work goes steadily forward, and souls are continually receiving the truth, and some new companies are being raised up. Our field has recently been favoured with the incoming of Pastor U. Bender and wife from the Montana Conference, who has now taken the Presidency of the Cape Conference, and Professor H. G. Patchett and wife, who are assisting in the school at Claremont. Had we a little larger evangelistic force of workers who, with zeal and energy could push out into the many small towns and cities, that have never heard the truth — without a doubt a good harvest of souls could be reaped in South Africa at this time. We now have in this field nearly 1000 white church members.

Having so few ministers and Bible workers in the field, we are making a special effort with our English and Dutch papers, the **Sentinel** and **Wachter**. We now have 4,150 paying subscribers to the **Sentinel,** and 3,000 for the **Wachter,** bringing our subscription list to 7,150 for the two journals; 1,822 copies are taken in church clubs and 1,000 in conference clubs, making a monthly output of these two papers of 9,972 copies. As these go out into the homes of the people, they are carrying a decided influence in favor of the truth, and quite a number of souls the past year have accepted the light through reading. The Union Conference keeps one agent in the field all the time taking yearly subscriptions for these papers, and he is having splendid success in his work. During the past year we set apart one week denominating it "Paper Week," asking all our people at this time to go out among their neighbors and friends, and take subscriptions for the papers. At the time of our last effort in this line nearly 900 yearly subscriptions were taken by our people. We feel that this is a very practical line of missionary work. We are glad for these good papers which are telling the story of the truth to the people of South Africa, and shall do what we can in the future to extend their circulation.

Our subscription book work is also in a healthy condition, but the past year we have been a little fearful of encouraging new agents to take the field, fearing we could not supply them with books from over-sea. Large subscription books sell well in South Africa, and we have recently placed the following orders for Dutch books with our over-sea publishing houses: 2,000 copies of "Bible Readings," with the Watford

House (England), 3,500 "Bible Readings," and 3,000 "Daniel and Revelation" with the Pacific Press (America). If these books can be secured they will be greatly appreciated by our canvassers and the people. The Natal Conference has recently completed a beautiful church building in the city of Durban, and another is in progress of erection in the city of Johannesburg. One has already been dedicated, and it is hoped that the other will be in December. Both are nicely located and will be a credit to our work in these cities. The brethren of the Orange Free State will soon begin the erection of a church in the city of Bloemfontein, the capital of that colony. They are now selecting the site.

Our school at Claremont has had a good year in many respects, and at the close of the year in November, four were graduated from the ministerial course. These we hope may make active workers in the cause of truth. Our sanitarium at Plumstead is enjoying a good patronage, and we are hoping very soon to clear away all debts from the institution.

During the past year two new mission stations have been established; one on the border of the Congo, known as the "Congo Border Mission," and the other in the Transkei region, Northeastern Cape Province, in the heart of the Red Kafir country. Brother S. M. Konigmacher is in charge of the former, and Brother Claude Tarr of the latter. It is desired to make the last named mission a training school for Kafirland. At this new station recently a church of twenty-six members was organized, and the outlook is good for future work in that region.

A tract on the Sabbath question was recently written by Mrs. I. J. Hankins, and is being translated into the various native languages of South Africa. It is already printed in the language of Mashonaland, South Rhodesia, and is creating a great interest in that region to hear the truth.

A small book on the prophecies of Daniel, the coming kingdom, second Advent, and kindred topics, has been written by Mrs. Nettie White, and is now being published in the Zulu language. This book can also be sold throughout the great Matabele nation of Southeastern Rhodesia. It is now being translated into the Kafir and Sesuto, and when published in the last named tongue, can be sold all through Bechuanaland, Barotseland, and along the upper tributaries of the Zambesi.

We are now moving our Union Book Depository and Union offices from 56 Roeland Street, Cape Town, to Claremont, using the rooms under the Claremont church. As most of our Union workers live in the suburbs, this arrangement will save much time and expense in going back and forth to the city. The school next year will be held in the large dormitory building. With confidence and faith in the ultimate triumph of the message, we are pressing forward to the finishing of the work.

WEST INDIAN UNION CONFERENCE.

A. J. Haysmer, President.

We are glad to be able to report that the work in the West Indian Union Conference has made progress during the past year.

The war is still affecting our work very much, not only in the raising of funds, but in getting from place to place, as nearly all of the steamship lines have now been taken off. On this account we have not been

able to communicate with our field as we should, and have not been able to get the necessary reports.

Several tent efforts have been held in the Union with excellent results. One was in Barbadoes, conducted by Elder M. B. Butterfield. He reports more than sixty baptisms. Elders I. G. Knight and A. E. Riley held a tent effort in New Amsterdam, British Guiana. Elder C. E. Boynton, assisted by Elders W. G. Kneeland and E. C. Boger a part of the time, conducted a tent effort in the city of Panama, and twenty-six united with the church in that city.

During the year another severe hurricane swept over Jamaica, making five hurricanes and two droughts that have visited that island in the past four years. In spite of all these things our workers and people are of good courage, and are doing what they can to hasten on the work. In this conference several tent efforts have been held, and as the result of the combined efforts of all the workers two hundred and thirty-five have been baptized in that island.

Several changes have taken place among our workers. Elder N. H. Pool returned to the States, and Elder E. C. Boger was transferred from Jamaica to take the presidency of the South Caribbean Conference. Elder G. A. Roberts was elected to the presidency of the Jamaica Conference. Elder and Mrs. E. C. Widgery also returned to the States.

The working force in the Jamaica Conference has been strengthened by the arrival of Brother and Sister J. G. Petty and Brother J. A. Applegate, the former to have charge of the conference office, the latter to act as Field Missionary Secretary. Elder B. E. Connerly has severed connection with the work in Colombia, engaging in business. The West Caribbean Conference, however, has augmented the force in that needy field by sending several canvassers into Colombia, and has also located Brother John L. Holder, their Spanish Field Missionary Secretary, in that country.

Elder W. E. Baxter and family, from Arkansas, and Brother and Sister J. D. Raff, from Porto Rico, have located in Venezuela, to push the work in that long-neglected Spanish field. On account of health, Brother F. H. Raley returned to the States, and Brother W. R. White, who has worked about fifteen years in our publishing house in England, was called to our Union to act as secretary and treasurer.

During the year the Watchman Press equipment has been turned over to the Pacific Press Publishing Association, which has located a branch in Cristobal, Canal Zone. We welcome this branch, which is doing all in its power to help us build up the book and periodical work in this field. We were greatly favored the latter part of the year by having a Bookman's Convention for the territory of the Northern Latin American Missions and the West Indian Union Conference at Cristobal. While some who expected to attend could not come, yet we had a good representation from the two fields, and we are sure results will be seen in a greater increase in the sales of literature in these fields. We appreciated very much the help of Elders W. T. Knox, J. L. Shaw and N. Z. Town from the General Conference, and Brethren H. H. Hall and H. G. Childs from the Pacific Press. We believe there are better days ahead for the work in this field.

With very few exceptions, our workers are well and working hard to advance the message among the different tongues in our field. Our Union Conference office is now located at Cristobal, Canal Zone, where we hope to be able to render better service for our entire field.

NORTHERN LATIN AMERICAN MISSIONS.

Cuban Mission.

The work in the Cuban Mission, which comprises Cuba and the Isle of Pines, has enjoyed marked progress during the year 1917. Something over fifty have been added to the membership, and two churches bave been organized. The tithes and offerings will reach an increase over last year of about $1,600. Although hindered during the first half of tbe year by revolution, part of whicb time some of our colporteurs were entirely cut off from tbe office, our literature sales will exceed tbose of last year.

Because of the disturbed conditions in the island, it was thought best not to open our Mission school. Those of our students who were planning to enter the school were recommended to the school in San Claudio conducted by Brother and Sister S. H. Carnahan. This is a self-supporting school, and we believe has been a real belp to tbe work in Cuba.

There has been some changes in our corps of workers during the year. Those who have come into the field are Brother Ray N. Studt and family, and Brother Earl Shidler. Those who have left are Elder A. N. Allen's family, who went to tbe United States; Brotber E. W. Thurber and wife to Guatemala, C. P. Martin and wife to Mexico, H. S. Mould to the United States, also Mrs. A. Burgos, and Miss Vera Robinson and her brother Victor Robinson to Mexico. Our hearts were made sad by the death of one of our native workers, Brother Pedro Barreiro.

F. G. Lane.

Haiti.

Considering the times, we can say that 1917 bas been a year of many blessings, and the Lord has permitted us to enjoy two general meetings, one in Grande Rivière for the north and central part, and the other in a tent at St. Marc for the south and west coast. All attending testified of having received special blessings.

It was a busy year for all; three church buildings were completed, mostly by native help, one at Carvajal, one at Beau Joint, another at Limbé, where also eight souls accepted the message through the labors of Brother J. J. Baptiste, who is at present bolding meetings at Petite Rivière where Brother A. Péan was laboring for some months, but had to give up because of ill health.

Our first tent effort, conducted by Brother E. A. Curdy, with the help of Brother J. B. Abel and Sister T. Belotte at Port au Prince has proven successful, 27 souls have taken their stand so far, and been baptized. A church of 40 members was organized, and others are waiting to be baptized. The interest bas grown to such an extent that another effort will be started there before the close of 1917.

At St. Marc Brother M. N. Isaac has been active. The entire city was stirred, and 13 souls baptized. Two of these are from Bourdette, where an interest sprung up. The church here will be completed before many months. On the island of Tortue our only missionary, Brotber G. Obas, is also busy. Seven souls were added to that company by baptism and he reports more are ready. Brother A. Péan, on retiring from work, accompanied Brother H. Lanoix to Huntsville, Ala., where they go to attend the Oakwood Junior College in preparation for further usefulness in the cause.

By the use of Brother A. G. Roth's stereopticon we gave lectures in all places where we visited our churches, and also in some new places, so that those wbo cannot read may see.

Brother Roth reports good results in his departments; in the Missionary Volunteer Society are 264 members, and that they are active is shown by the report of 1,651 books lent or given away, amounting in value to about $150, also 6,636 visits made, 5,450 Bible readings given, 7,276 meals given, 31 souls converted, and a cash offering for work in the interior of $213. He reports retail book sales of $521, and the educational department has been entirely self-supporting. Church schools were conducted at Pignon, Grande Rivière and Port de Paix.

Although money is still scarce, and facilities for exportation poor, the tithe and offerings have increased $511, and the Sabbath school offerings $176, over 1916. Besides this $375 was collected for unfinished churches. There were 89 baptized, bringing the membership to 380, with 30 candidates still waiting.

The Lord is hastening the work, roads are being built and sanitary conditions improved, and we are thankful to our Father for these visible results. Albert F. Prieger.

Porto Rico and Santo Domingo.

In Porto Rico the hosts of intemperance have met defeat and the right has gained a great victory this year. Congress passed a new organic act for the island which gave the people the right to say if prohibition should or should not become part of the new law. The liquor interests worked hard and spent large sums of money, but the moral and religious societies presented a united front, and king alcohol was defeated by a majority of 38,000. A special number of our Spanish **Signs** was printed and a large quantity of them circulated which helped to swell the total vote for prohibition. Porto Rico holds the honor of being the first Spanish Commonwealth to declare for prohibition.

Our work has made advancement. One new church was organized with fifteen members. All the other churches report gains, in all thirty-five persons were baptized. Our total membership is now 170.

Santo Domingo, a part of this field, was visited again by the faithful colporteur, and a good number of books sold. For several years a native brother has lived near the capital. The enemy has tried every way possible to destroy him, but the Lord has blessed, and some of his neighbors have accepted the truth. Eight have been baptized. At one time all were put in prison and their meetings have been prohibited, but they rejoice to suffer for Christ's sake. Surely this coming year we must send to them the living preacher.

In Porto Rico a three month's school was held for the young people who gave promise of making workers. In all twenty-four were in attendance. All made advancement in their studies. A number of them have already entered different branches of the work.

In the city of Cayey a beautiful concrete church building has been erected.

In December a profitable general meeting and colporteur's institute closed in Santurce, suburb of San Juan. Elder R. W. Parmele and J. A. P. Green, of the North Latin Mission, were present, also Elder W. A. Spicer, of the General Conference. It was arranged for Brother H. D. Casebeer to open evangelistic work in the capital of Santo Domingo. The book work has already borne fruit in that island, and a number of believers resident there attended the general meeting. These were organized into our first church of Santo Domingo.

At Aguadilla, on the west coast of Porto Rico, a lot has been purchased for the erection of a church building.

The coming year gives promise of greater advancement than any year in the past. Wm. Steele.

Mexican Mission.

There has been some improvement in the situation in Mexico, and during the year 1917 the work has progressed, although but very few of our workers have yet returned to the field. The greater part of the year Elder J. A. Leland has been stationed at Monterrey; also Brother S. Marchisio has been working in the State of San Luis Potosi. Brother Juan Robles, who has been located in El Paso, Texas, has visited the companies along the Mexican Central Railroad, as far south as the military authorities would permit him to go. The superintendent has visited the companies and churches in the central and eastern portions of the republic, but was hindered from visiting the northwestern and southern sections because of political disturbances.

Something like thirty-five persons have been baptized during the year, and we have heard from our brethren in practically all parts, and find that they are holding on to the truth remarkably well. Through their faithful efforts one or two new companies have been raised up. The fact that the brethren have held on so well under the severe difficulties through which they have passed is very encouraging. Many of them have had to leave their homes and go to other places for safety. Some have lost practically everything they had, and have suffered severely, but in spite of it all very few have left the truth, and quite a number have been added to the little companies.

The work of the distribution of literature has gone forward rather slowly, because there has been only one or two that have stayed by the work. They have had remarkable success considering the situation. During all these years of political upheaval Brother C. Shultz has remained faithfully at his work distributing literature. Though he has passed through many dangers, the Lord has wonderfully protected him. During 1917 he was practically the only one doing any systematic work in the sale of books and papers.

While the paper has been published in Washington, the greater portion of the monthly editions has been sent to the mission printing office at Tacubaya, a suburb of Mexico City. Brother Carlos Nicolas has been in charge of this, as well as looking after the interests of the local church. The brethren at Mexico City experienced a special blessing at the time of the Week of Prayer, and are of good courage in the Lord.

From all places comes word that there is a greater interest than ever to hear the truth, and quite a number are awaiting baptism.

G. W. Caviness.

Guatemala.

Guatemala has been most of the year without a superintendent. The return of Elder J. B. Stuyvesant took away the director and the one foreign field evangelist. Brother W. F. Mayers continued in the book work, putting in a large number of Spanish publications. He was compelled to return to the States at the end of the year, to join his wife, whose health did not permit her to return to the field. Brother and Sister W. F. Hardt and Mrs. Hunt, Mrs. Hardt's mother, continued their English school in Guatemala City. In September, Elder and Mrs. E. W. Thurber, formerly of the Mexico Mission, were transferred from Cuba to Guatemala, Elder Thurber taking the superintendency. He reported finding believers as follows: In Puerto Barrios. an English Sabbath school of several members; in Quirigua, another little English Sabbath school, fruitage of work among West Indian Negroes; one faithful Spanish believer, an old sister, in San Augustin; a little company in Guatemala City. On December 24 began the series of earthquake shocks which brought down the larger part of the buildings in

the city. The mission home is in a wood building in the suburbs and suffered no damage. The English school building was destroyed. None of our people were injured in any way.

Salvador Mission.

The second year of our mission work is in the past in this small but needy Republic, containing about 1,200,000 inhabitants.

During 1917 work was opened in several new places. In Santa Ana, the second city of importance and size, a series of meetings was held being followed with careful personal work and regular preaching and prayer services. God greatly blessed our efforts notwithstanding our being alone.

In August Elder R. W. Parmele visited us and organized a Mission church which at present has a membership of 17 believers. Seven others have signed the covenant here in Santa Ana and are awaiting baptism. Still others are keeping the Sabbath and are pressing toward perfection in Jesus.

The banner of truth has been unfurled in the center of El Salvador. A company of believers has been raised up to bear testimony in Cojutepeque, the most central city in the Republic. Six dear souls followed their Lord in baptism at this place in Lake Ilopango. We hope to see this company's light extended to other places as it grows and strengthens.

We also made a trip to the frontier of Honduras, where we have a family faithfully testifying for truth in the mountain town, San Fernando. One man in this fanatical place notified the believers that the missionaries would be cut into pieces with his "machete," or long-bladed knife, if they entered his house. Thank the Lord, before we left town we had the pleasure of giving several Bible readings in this man's house and of seeing him kneel in prayer with us. Others as earnest Catholics as he also became attentive and interested in God's Word.

"There shall be earthquakes in divers places." During June and July the capital was called "The cradle." Hundreds of quakes were felt both great and small. The first ones destroyed the capital and four other cities besides villages and farms.

Our place of worship was completely ruined. Since then the meetings were held in the small quarters of a tailor shop. Nearly all the church members remain of good courage, being severely tried by this sudden disaster. Five new members were added to the church in the capital, thus bringing the total membership in the Republic up to 44.

Brother J. A. P. Green's visit was appreciated, and since Brother U. M. Cooke has returned from the States with his bride, the outlook for the book work for 1918 is very encouraging indeed.

Satan's forces are felt on every hand, for he knoweth that he hath but a very short time. Still God's Spirit is working mightily on the hard hearts of men; for we see interests springing up throughout the Republic that cannot be justly cared for by the present staff of workers in the field. The future looks bright; but we must pray the Lord of the harvest to send forth more workers before the time of opportunity forevermore be past.

In December the writer was compelled to take a furlough to the States on account of severe and long-continued attacks of malarial fever.

John L. Brown.

North Honduras.

North Honduras Mission has a membership of nearly 200, 19 of whom were baptized in the year 1917. Some of these are Spanish, but

the greater portion are English. Some work has been done among the Spanish people the last three years, and as a result a small company is raised up in La Ceiba, with several scattered in different portions of the field.

The workers in this field consist of one ordained minister, one field missionary agent, one secretary and treasurer for the conference, and one Bible worker. Also, a secretary of the Sabbath school department.

It was decided at the campmeeting to add two more workers to our force from this field, to assist in tent efforts and other meetings. One of these is Gideon Jones and the other J. T. Borden. Brother Borden is now working among the Spanish people on the coast. Owing to failing health, Brother Chas. M. Paden, our conference secretary and treasurer, was compelled to return to the States, and Gideon Jones was asked to take his place in the office.

The amount of funds raised in this field for the first three quarters of 1917, are, tithe $855.33, Sabbath school offerings $565.65, Thirteenth Sabbath offering $227.76.

There are nine churches and companies in this field, and ten Sabbath schools, including family schools. One worker, a canvasser, left us to join the South Honduras mission. We expect another worker to join us soon from the States, Brother W. E. Lanier, formerly connected with the Philippine Islands Mission, who will locate at San Pedro.

Isaac Baker.

South Honduras.

We were visited by the Union Superintendent in July, and as a result of his visit the Siguatepeque school enterprise has been taken over by the General Conference to be conducted at a training school. Brother and Sister Karl J. Snow, who have labored long in the school will be added to the staff of mission workers the coming year. They are at present on furlough in the States.

Brother Manuel Alvarez also has been added to the mission staff. He was transferred from the Northern Honduras Mission. The two American brethren who canvassed for several months in this territory have gone to Colombia. We are now developing native talent to take their place. Several hundred copies of the "Practical Guide to Health," and our religious books have been circulated. These latter are beginning to bear fruit in awakened interest on the part of their purchasers. Several copies of our best books have found their way into the home of the President of the Republic, and as a result of reading our papers and hearing of our school the Minister of Education was desirous of knowing more about our beliefs and practices.

The past year has witnessed the doubling of the membership of the South Honduras Mission, it being at present 40. Inquiries are continually coming to us, and our future outlook is cheering, notwithstanding the indifference of the majority and the natural obstacles of the field.

DETACHED MISSIONS.

Bahama Islands.

The following is a report of the efforts made to carry the third angel's message to the people of the Bahama Islands during the year from November 1, 1916, to the same date 1917. During this time we have been unable to visit any settlements on the other islands except-

ing the island of Eleuthera, where we already have two companies of believers. This is due to the fact that we have been alone in the evangelical work the most of the time, and the work here in Nassau has needed so much attention. Ever since about the beginning of January a lively interest has been manifested on the part of many people to hear the message for this time. We have found house-to-house work by far the most successful means of getting the truth into the homes. By a systematic use of Present Truth Series we have found many homes to which we were welcomed to hold Bible readings. As a result of the various means used to advance the gospel during this year, we now count 18 who have begun obeying the commands of God. Some of these are people of influence, and their course has aroused the interest of numbers of others who are influential people of the city.

Realizing the need of native help, last November we started a special class for those who, when they had sufficient training, would be able to devote all, or at least the greater part of their time to gospel work. Most earnest effort was made by all to acquire the ability to present the message, mostly as Bible workers. As a result four of the class are spending a large part of their time in this noble work, in which they are becoming more and more efficient as the days go by.

During the year twelve have been baptized, and six others will go forward in this ordinance in a few weeks.

Brother and Sister C. G. Howell from Daylight, Tenn., arrived in Nassau in the latter part of September, 1916, to take charge of the school work which had been in operation two years. This work they very ably conducted until last June, when Sister Howell's failing health made it necessary for them to return to the States. As the expense of transporting teachers to and from this field had proven so heavy since the school opened, it was deemed best not to continue it longer.

We have no regular canvassers who devote all their time to selling our literature, but quite a number of the church members spend some time selling the smaller books. Some have been quite successful, when we take into consideration the fact that many of these people cannot read, and others have but little desire to read, and still others are too poor to purchase books, especially since the war has broken out.

Most of the believers have a desire to do something to advance the knowledge of the plan of salvation. Their earnestness and zeal is noticed by the people throughout this colony. There is a oneness existing in their midst, which is a good omen for successful work to be done during the coming year. Jas. H. Smith.

Hawaiian Mission.

We are glad to report onward progress for the year 1917.

Early in the year R. W. Smith and wife came to connect with the work in Hawaii, Brother Smith in evangelistic work, and Sister Smith in school work.

H. G. Rowland, of Australia, has been with us, and has been doing exceptional work as a colporteur. His sales for the past ten months have been $2,150.

Edgar G. Riehl and wife arrived early in the year to take charge of the Hilo treatment rooms. The treatment work is gradually growing. Brother Riehl has been spending some time in Bible work, when not busy giving treatments.

Our literature sales for the past year have not been quite as large as last year. L. T. Heaton has been spending part of his time in the Bible work, thus only leaving one man in the field giving his entire time.

The Honolulu treatment rooms have been doing good work. At present Wm. MacMillan is in charge. Brother L. V. Bowerman has returned to the States to take some further school work. We are expecting a man and wife from the States to take charge.

Our little school is getting on well, but has not quite as large an enrollment as last year, for we were not able to carry higher work than ninth grade. Our older children are thus compelled to attend high school, for which we are very sorry.

R. W. Smith.

Carnie-Goudie Preaching Tents

Seventh-day Adventist preachers demand the best in tents. We know that to be a fact. CARNIE-GOUDIE Tents are used by more S. D. A. conferences than any other make. The reason they are so widely used is because they answer every tent question satisfactorily.

Note These Points Where Carnie-Goudie Tents Excel

Canvas — Mount Vernon Army and our own rain-test ducks — the best made.

Rope — Pure unoiled Manila Hemp — made to our order.

Thread — Special quality of almost double ordinary strength.

Workmanship — Sailors and Seamers with the "know how" of long experience.

Pitch — Cut extra high — to stand wind and rain.

Now if you are going to buy tents for meetings this summer, you want the best value you can procure — you want a tent that will stand the practical tests of wind and rain. The CARNIE-GOUDIE S. D. A. Tents are such tents.

Tent Book Free

Write today — now — for the CARNIE-GOUDIE Tent Book. It also gives complete information about Seats, Fags, Lights, Banners, and the renting of complete outfits.

Send for sample of the new CARNIE-GOUDIE Waterproof canvas for Gospel Tents, which is guaranteed for two full years' continuous service.
